

Kings Ridge Swim Club Private Party Policy Extended Hours

Membership dues must be paid in full before any party can be scheduled.

Private parties are scheduled in 2 hour time blocks. The cost for extended hours parties varies by hour. (See below) The cost for any guest who is not a KRSC member is a \$2 fee. **This fee applies to all guests whether they are swimming or not.** The reservation fee must be paid in advance to secure the time and lifeguards, but the guest fees do not need to be paid until the day of the party. *Checks payable to Kings Ridge Swim Club* are the preferred payment. If cash is submitted, it must be in a sealed envelope labeled with the members name and indicating the date of the party.

Should the pool close for inclement weather or other maintenance issues, every attempt will be made to rebook the party at a mutually agreeable time. If no mutual time can be found to reschedule, the deposit will be refunded (minus the insurance fees).

All swimmers (non-members) attending private parties must pass a swim test. Those passing will be required to wear a swim band which allows access to deep end.

Fees: Insurance = \$105 1hr = \$90 2hr = \$165 Refundable (damages) = \$100

Total reservation fees: **1hr = \$295 2hr = \$370**
